PROFILE

I work across growth marketing, product positioning and customer lifecycle, from launch planning and acquisition to onboarding and retention. My experience spans fintech, regulated trading platforms, impact technology and consumer brands, including L'Oréal, Environ and IGT. I manage marketing budgets, direct teams and agencies, and use customer and campaign data to set priorities. Current consulting work with ImpactScope and Planet League combines communications planning with practical campaign delivery.

CORE SKILLS

Growth and go-to-market planning | Product positioning and launches | CRM and lifecycle marketing | Customer research and segmentation | Paid acquisition and partner channels | Sales enablement | Communications and campaign planning | Budget and team management

SELECTED RESULTS

- FlareX: improved activation by 15%. CRM and lifecycle work across trading platforms improved funded-account conversion by 10-20%.
- Environ: contributed to 20% B2B sales growth over six months through trade campaigns and spend reallocation.
- L'Oréal: ranked #1 Business Developer nationally for three consecutive quarters; acquired 30 new accounts in six months during lockdown.

CONSULTING AND CLIENT ASSIGNMENTS

Independent Growth and GTM Consultancy | 2024 - Present

Fractional, project and subcontract assignments; some engagements run concurrently.

ImpactScope | Growth & Communications Consultant | 2026 - Present

- Plan communications across greenwashing detection, impact finance and energy topics. Set audience messaging and editorial calendars using company priorities, partner activity and industry research.
- Turn founder and technical input into LinkedIn and X content. Coordinate approvals and publishing, review audience responses and use the findings to refine messaging and subsequent content.

Planet League | Fractional campaign engagement | 2026 - Present

- Plan North East Nurdle Derby content connecting football supporters with environmental activities. Translate competition rules and prizes into clear participation messages and calls to action.
- Coordinate creative assets and club-facing updates with the campaign team; use channel performance and feedback to adjust content.

Matteniche Group / FlareX | Growth and GTM subcontract | 2024 - 2026

Portfolio included FlareX, RCG Markets, Space Markets, Comit Capital and Fantasy Bets.

- Led FlareX launch positioning and go-to-market planning, including landing-page briefs, user education and launch coordination. Aligned marketing, developer and commercial work around acquisition and activation.
- Analysed onboarding and KYC drop-off using GA4, Amplitude and Salesforce. Designed segmentation, lifecycle journeys and behavioural triggers in Braze and HubSpot, working with IT on technical implementation.
- Managed approximately US$600,000 annual acquisition spend across Meta, Google Ads and introducing-broker/partner channels. Reviewed spend and downstream conversion weekly to allocate budgets and direct optimisation.
- Managed a Digital Marketing Manager and external agencies. Set marketing plans and campaign priorities across the portfolio, briefed specialists and reviewed delivery against acquisition, activation and funded-account goals.

EARLIER SUBCONTRACT ASSIGNMENTS

IGT EMEA | Marketing Specialist (Subcontract) | Aug - Oct 2024

- Delivered a three-month marketing assignment supporting gaming product launches across South Africa, the UK and Spain. Adapted positioning and campaign materials for regional audiences and equipped sales teams with product messaging.
- Supported pre-launch sales and VIP client engagement; coordinated campaign, website and creative delivery with commercial and product teams.

Environ Distribution | Trade Marketing Coordinator (Subcontract)

Aug 2023 - Mar 2024

- Planned the annual trade marketing calendar and managed a ZAR3.5m advertising and promotions budget. Used sales, CRM and campaign reporting to review performance and reallocate spend.
- Guided six sales representatives and a marketing intern on campaigns and incentives. Coordinated national promotions and Meta activity, contributing to 20% B2B sales growth over six months.

EMPLOYMENT

L'Oréal South Africa | Mar 2019 - Jul 2023

Marketing internship (2019); Business Development (2019 - 2022); Digital Marketing (2021 - 2022); Employer Branding (2022 - 2023).

- Reviewed account P&L, developed account plans and tracked sales targets in Salesforce. Achieved 84% of a ZAR2.1m revenue target during pandemic restrictions; developed the Social Media Flirting prospecting approach adopted across L'Oréal zones.
- Led local Brandstorm 2023 delivery with the global team, planning university outreach, participant communications and Salesforce tracking. Supervised interns and coordinated agencies and internal stakeholders.
- Delivered employer branding and digital/email campaigns with HR and Communications. Explained L'Oréal's beauty science and technology to prospective candidates and competition participants.
- Used customer and competitor research to inform product messaging and an Afro hair-colour market proposal. Worked on eCRM, segmentation and digital campaigns with retail and professional beauty partners.
